19 FEB 1958

The Honorable Thomas S. Gates, Jr.
Secretary of the Navy
Washington 25, D. C.

Dear Mr. Secretary:

I should like to commend [redacted] for the assistance which he has given this Agency during his recent four-year tour of duty with us.

During this four-year period [redacted] was engaged in a number of highly sensitive projects involving a variety of maritime equipment used by this Agency in carrying out its mission. [redacted] extensive [redacted] experience has been of great help in this work. His projects covered a wide variety of equipment and situations and included evaluation of currently available materiel, development of specialized equipment and field testing in co-operation with Naval facilities and stations.

[redacted] proved particularly capable in handling this work as well as laying on and personally directing the field testing. Without his help it would have been impossible to carry out this important work in a timely and efficient manner.

We are indebted not only to [redacted] but also to the Navy for continuing him on active duty after he was due for retirement in 1953 and assigning him to this Agency. We are also indebted to the Navy for its co-operation in assisting us in this development work and for setting up the field tests.

Sincerely,

SIGNED

C. P. Cabell
Lieutenant General, USAF
